“ I can't just have one memory of my Grandma, because everytime with her was special. I loved growing up up north with her, watching her garden and do her cross word puzzles and watching old movies on tv with her. I love it when you and Grandpa would come down to the city and visit, it was such a special time! I'm so glad my 3 boys got to have you in their life, they cherish and love you so much and that means so much to me. I love the fact that we share the same wedding anniversary date and that day will always be so special to me just like you are Grandma! I love you so much and the boys and Tiffany love you so much too! You will forever be in our hearts Grandma! Love you!

The first time I met her she treated me as if I had been a part of her family all along... And that meant the world to me. She will always be remembered as a happy, caring, beautiful lady and we are all blessed bcuz she was a part of our lives!

“ Aunt Betty was a;ways so much fun! Her laugh was contagious! Our daughter called her great aunt "Betty confetti" because she always put confetti in our birthday cards. We will miss her!

“ She was my mom, the pain and loss I feel is over whelming. We just recently shared a day at Walmart. She had her hair cut, and we did shopping. She really enjoyed getting out. She loved sitting on the porch, loved the sunshine. Always wanted the blinds open. She loved her dogs. They sat with her whenever she was on the couch. Lily and Bailey loved to sleep in her bed at night. When eating, she always snuck food to them. I miss my mom I loved her so much. She's with my Dad now, she missed him. She's my angel now. Love you forever, Nancy and Stan
