“ I am a friend of his daughter Diane. She always spoke about what a great father, husband, and Christian example he was. I am lifting you all up in prayer.

“ My family greatly enjoyed John's workmanship and his great attention to detail during the years we owned his UP cabin. John was always willing to share his knowledge and experiences from his time in the Upper Peninsula. We were very blessed to share in the benefits of John's dreams and his hard work. The examples he set will live in me for all of my days. Thank you John and Sheila!

With great respect,

“ Deepest Sympathy to the families of John's.
Year 2005 three of us stayed and visited Sheila and John in their lovely home. So enjoyed John's tour of the farm, walking to all his hunting blinds and his stories. Very impressed with the work he did with the barn. It looks beautiful inside and out, especially the double barreled heater. wow very impressive.
He was a wonderful man and will be deeply missed.

“ Walking your trails. It's been said that good fences make good neighbors. I believe that to be especially true in my experiences with John. Not because of what fences usually are used for. Not to keep people out. Because in my experience with being John's neighbor they did exactly the opposite.

I very much enjoyed walking his trails. The double row of trees all the way around the farm. The walk down "The Cow Path" to the "Eagles Nest". The walk to "Grandma's House" , "Buck Point" and his many other interesting blinds and trails.

I've totally enjoyed farming John and Sheila's property. It's such a unique experience. It always feels like I'm some place special. Surrounded by Gods beauty that John helped nurture. I always enjoyed visiting with John and listening to his hunting stories. His love of the outdoors, his wife and family. His God. I will very much miss him. I will always remember him though everytime I walk his trails.

Sincerely
