“ *Dear Wolschleger Family,
How sorry I am that you have lost both of your parents recently. What a great life they had together with all of you! If my mother Myra were still alive, I know she would have gone out of her way to express her sympathy to all of you. In fact, she probably would have brought you a bowl of jello during the funeral times. That was one of her ways to share her love and concern. Your dad was one of her students in the early 1930"s when she taught at the East Huron rural school. By accepting a teaching position at Schulte School, she had most of you if not all of you in school at one time or another over the 20 years she taught there. You were like extended family to her.
While the loss of parents is a major transition in life, I hope you find comfort in the fact that they both now rest in the blessed presence of Jesus and await the day for you to join them. May God's peace comfort you all.

“ Dear Wolschleger family,
Albert lived a long life enjoying his life and enjoying his family. Ps
90:10 says "the span of our life is 70 years, or 80 if one is especially
strong." Your family was truly blessed to have
Albert in your life so long! " May the God of all comfort" provide
peace and hope.

Sincerely,
Brian Duda
