“ *Anita was my niece being only three years younger than me she was the little sister i never had. We grew up together more like sisters than anyone could ever know. I will always cherish our childhood memories together. Even though we lived many miles apart we remained very close. I will never forget what a loving person she was and loved her daughter and grandson more than life itself. Anita i will carry you in my heart always. It's very sad to know her husband treated her as terrible as he did and gained monetary funds from her death*

*I am so sad to hear of Anita's passing,we had been friends since I was 15 years old, she was a couple of years older than me, but we became friends when she first moved to Alabama to live with her Dad and stepmother,We had many good times together, our daughters were close in age,we visited quite often,We remained friends after she moved to Michigan, she and Chuck came and spent a few days with us in Alabama, I have been sick the past few years and didn't find out that she had passed until a couple of years ago,She and her Dad came to see me shortly before he passed,My heart is heavy, sickness and things I was going through had caused us to not be in contact for about 2 years before she passed,I loved my friend and I miss my friend and I miss her laugh,Rest in the peace my dear friend, I will see you again, love you B.Sewell*
