“ *Thinking of you Jackie and your children and the entire Booms family.*

You are in my family prayers.

Dean and his parents and siblings will always hold a special place in my heart as we had many fond memories of sharing time together.

Playing softball in the field west of the house and many more games in and around the house.

Great college memories of Shelly, Lori, Kevin and I at your place!

Dean, you were taken much too young. Hugs and much support to all your family.

“ To the Booms family. I worked with Dean for many year's and was always happy to see him. He was a God send with helping me in a new job and when I ran into complications. What I loved most about Dean is no matter what your attitude was when you started the conversation, frustration, annoyance, confusion you always left laughing. He was a great person and my life was definitely improved because he was in it. God bless you all and prayers for healing during this most difficult time. RIP Dean💕🙏

“ My thoughts and prayers are with the Booms family. I worked for years with Dean and he always had a minute to help address another's concerns. We had many conversations over the years working on the same cases, just can't believe he is gone. He will be missed.

“ *My prayers and thoughts are with the Booms family. I have known Dean since college and we worked together in OIG. To be honest, It's hard to believe Dean is gone. Dean was truly one of kind. We would talk about our families and we would bounce things off one another regarding work issues. I know we never had a conversation that lasted less than 30 minutes. I will always remember his laidback demeanor. Dean will be forever missed.*

“ Dean was a great friend to me since i came to saginaw county in 2011. He would always come chat with me about random stuff on his way out of the office. I spoke to him before he retired and he was very excited about spending time with his family. Thank you for the great conversations my friend. You will be missed.

“ Dean trained me 16 years ago when I started at Saginaw Co DHHS. I will never forget him and things he taught me about the job. Dean always kept shades on and a toothpick hanging from his lip. He was calm, laid back, cool and consistent. When there was question about which way to go with a case decision he used to tell me "well lets throw it against the wall and see if it sticks". To this day I follow that logic. I will truly miss seeing him at! Prayers of comfort and peace to his family.

“ I worked with Dean at the State of Michigan. Like Dean, I also enjoy good deals and saving money. Over the years Dean and I would see each other daily on our work breaks to move our vehicles (we refused to pay for parking in downtown Saginaw). During that time we would discuss different that we ran across. It was always nice because we looked out for each other to avoid getting a ticket. That is the kind of person he was.

“ Dean was, by far, one of the most kind and compassionate people I have ever met. We worked together in Tuscola and Saginaw. His integrity and commitment to others was present in everything he did. He was a constant, someone that could always be relied on in a time of need, whether it was a child, a parent, a coworker. His pursuit of never ending kindness was always there. God blessed me with having him in my life and his impact was far and great. I hold him and his family in my thoughts and my heart breaks for your loss. His legacy will continue to spread kindness and forgiveness, qualities he practiced without fail in his earthly life.

“ Words seem inadequate when describing the caliber of man Dean was. My heart is saddened by his earthly death. I believe the Lord shall now experience the spirit of the loving and joyful man. Rest comfortably in the palms of His hands. Give yourselves time to mourn his loss. Dean is never far from your hearts.

“ Words cannot express our sadness at the loss of our coworker and friend of so many years. Dean was a very caring worker to his clients in human services and a man with a heart warming personality and many unique talents. If we even casually mentioned we were thinking of something for the ranch it would magically appear the next time that we were there. It will not be the same without him and his loss will leave an empty place in our hearts and around the campfire. Until we meet again for another "long story short", we will keep a chair and cold beer for you. Love from the Hall family.

“ Dear Booms family,
My sincere condolences, some of my funniest memories growing up were with Dean. That old “deer slayer” car we had a lot of fun in. When ever I hear a Loverboy song on the radio I will always think of Dean.

I was lucky enough to go to northern Michigan on our own hs senior class trip. There were 4 of us now there are 3... Gerard, Kevin and I will raise a beer and think of you my old friend!

Keep the beer cold up there til we meet again!
