“ Dorothy was our neighbor and friend. We lived two doors down from her on Fourth Street in Harbor Beach for sixteen years. The day we moved into our house she brought us a plate of home baked cookies, and we were close friends with her from that day forward. She was a woman with a great deal of certainty in her opinions and assurance in her faith. She watched out for our children when they walked to school and was always good to them, giving them little odd jobs and supporting them in their school projects and fund raisers.

Dorothy was always ready to be with us as a family. We would occasionally have her over for dinner. Robin helped with her telephone problems and Paul would occasionally mow her yard or trim her hedges. She would always return a favor whenever she could. When we were off on a trip, she would pick up our mail. We shared a newspaper for some ten years or so. Splitting the cost, she would get the delivery and would drop it off at our door when she had finished with it. Robin especially valued her friendship as when she provided a place Robin could work on a special present for her husband's birthday.

Dorothy was an amazing person. Even in her nineties she would shovel the deep snow in her driveway. She would meticulously weed her garden, and she would be always concerned with the welfare of those around her. When we left Harbor Beach, we stayed in touch. Dorothy remained a good friend. Now she has passed, there is a hole in our hearts. She is sorely missed. God bless her and all our condolences to the family.

“ Loving thoughts and prayers to you Chuck & Kathy, Ron & Pam and all your family. Aunt Dort will be sorely missed and will always be remembered. I will always remember seeing her beautiful flowers and her giving me pointers on my flowers. I loved hearing about her stories of her growing up and how her brothers used to pick on her including my Dad. 😊 What a reunion they are having, I can only imagine. I pray God will wrap his loving hands around each of you and comfort you at this difficult time.
Love you all!! ❤️

Dorothy was a wonderful neighbor. We would visit as she walked by our house on her way to church. My husband helped her with snow removal several winters and she appreciated it so much. She is surely missed. Prayers for her family at this difficult time.
