“ *Gladys was a very special part of our family. She has a special place in the growing up of our daughters, Erica and Alyssa Healy. We spent many happy hours visiting with Gladys. We learned so much from being with her. Her love for her Lord showed through her life.*

*We loved being with her and her many animals, Laddie, Lassie, Cocoa, and all the others.*

*Gladys was a great lady!

“ Gladys,

*I can not say thank you enough for those times that I was able to stay with you at the old farm houses. Both when your dad was alive at he old hose but also at the new oid house--your grandfathers.*

*You really did a great job rehabbing the old house. Thanks for welcoming my wife, my children, and me in the late 80s and showing how wool was spun into thread. Your sheep and many colored chickens were a delight.*

*Thank you for also allowing me the opportunity to stay later on when Penny was still around, You always made me feel welcome. You had such kind words to say about my father when he worked on Uncle Herman's farm in the summers.*

*Thank you for allowing Erin and I to visit you. We were able to share with you the Rutz discovery in Rock Falls cemetery—that we found in a book listing gravesites. You were always interested in us. Those Labor day to family and friends visits were always a joy as I grew up.*

*You were a blessing to all around you. May God grant all of your loved ones His peace today and always,*

“ I think she was my first friend when we moved to Harbor Beach! She was taking care of her dad. They lived directly across the street from us. I learned I didn't like melba toast! lol Her dogs were amazing...Penny and Lady! We played hide and seek. I was 4. She had old baby dolls that we rocked. We gardened and sheered sheep and hatched chickens, dried flowers and played games. What a great woman! Who else would take a 4 year old and teach her so much. R.I.P. Miss Koehn Tell Penny and Lady I said Hi!
