“ *My Greatest memory of my Aunt Jeanie was when it was her birthday maybe 80th not for sure.....I got a card at my work and had everyone sign it...Well there were some pretty good things written in that card from people she had no clue who. Mikey got the mail and had to take Jeanie to the Dr and she opened it in the waiting room and just laughed so hard. She reminded me so much of GrammaSending my condolences.....Dee....*

“ *Way back when I was college, I worked housekeeping with Jean in HB hospital. She was joy to work with and had a great sense of humor but strong work ethic as well. My mother also worked with her in housekeeping and they had a great time working together. Rest in peace and my deepest sympathies to the family.*
