“ *To Chris and the family ,
Our condolences go out to you Chris and the rest of the family. We only knew Larry for a short time, he was a great guy And very smart and could build anything. He did some construction work for us building stairs going down to the basement which were just perfect. It's a shame that he passed away at such a young age . Chris and the rest of the family you are in our thoughts and prayers .

“ I'll never forget lining up against Larry during a football scrimmage. I was a freshman. All I remember was him flicking me away with one of his timber-like forearms. I'm just glad I never had to face him during a real game. My condolences to all.
